Homeowner Rehabilitation Program 2023

A program administered by the Huron Housing Authority of Huron, SD.

Huron Housing Authority of Huron, SD, is an equal opportunity provider and employer.

About the...**Homeowner**

Rehabilitation Program

This program offers no interest loans, a portion of which may be forgiven over a period of time, to qualified homeowners in Huron. This allows homeowners, especially lower-income working families, the disabled, and the elderly, to repair their homes with the aid of much needed financial assistance provided by Huron Housing Authority to prevent displacement.

Is This a Loan or a Grant? The answer is “Yes.” The program requires the homeowner to live in the home for five years (60 months) after the rehab project is complete. If the homeowner can meet this requirement, then over the five years (60 months) the loan becomes a grant and no repayment is required. In this situation, one sixtieth of the grant is forgiven each month during the five years that the homeowner lives in the home. However, if the homeowner moves out or sells the home during the five years, then the homeowner or the homeowner’s heirs are liable to repay a proportion of the loan with one sixtieth of the loan being forgiven for each month that the homeowner lived in the home prior to moving out or selling the home. For example: if the homeowner lives in the home for 48 months after the rehab project is complete, then $48/60 (= 4/5 = 80\%)$ of the grant is forgiven. The homeowner would be liable to pay back 20% of project cost. If the homeowner can not afford to make the repayment, then the lien on the home requires that the 20% be repaid out of the proceeds of the sale of the home.

Note: In all cases a mortgage is placed against the property to insure the repayment of the loan.
